

NOVEMBER

seek God's inspiration for ways you can get involved with your fundraising for SPEAK

get in a circle and take it in turns to give thanks for something each time, start with all the previous thanks and add your own

keep going until someone forgets, as it then round up with a prayer giving thanks for all these things!

spend a while reading the news chat with God about it whilst you read in your own language or 'in tongues'

or perhaps get out some craft materials and create a prayer picture in response letting the creation of a piece of art lead your prayer response

pray the Lord's prayer say it slowly, thinking through what each line means for you right now

if a particular bit is especially important at the moment, stay with it and use it to form your prayer before continuing to the end

stuff to remember in November:

[Blank area for notes]
